AERIAL FIREWORKS DISPLAYS

PAGE 1 of 1

Revised:7/4/2008

Category: Fire Prevention

Code Reference: 2006 IFC Section 3308

PURPOSE

The purpose of this policy is to provide the highest level of public and fire safety.

PROCEDURE

1. The maximum diameter aerial fireworks allowed to be discharged within the Goodyear City Limits are 6".
2. Aerial fireworks displays shall be electrically fired, and
3. Due to commercial and residential construction, and to ensure consistency between jurisdictions, all fireworks displays conducted within and permitted by the Goodyear Fire Department shall require that the fallout area be established within the Goodyear City Limits. When debris is observed falling outside the Goodyear City Limits, the fireworks display shall be discontinued immediately until such time as the situation is corrected.
